junbi elite

Your club's own system. Built just for you.

A website, member app, coach portal and payments, custom built for your club around the way you run it. Not a template, not a rebrand. Your families only ever see your club.

By enquiry · junbi.co.uk/elite

What you get

Everything your club runs on.

Every Elite system is built from scratch for one club. This is where most clubs start, then we shape it around yours.

01

A website designed for your club

Not a template. A fast site designed around your club, on your own domain.

- Pages for every class, age group and location
- Live timetable with a Book now button on every class
- Events and gradings with prices and places left
- Built for Google: fast, mobile first, local search ready
- Change text, photos and prices yourself, any time

02

Your own member app

Families log in to an app with your name and logo on it. They never see ours.

- Your logo and colours, on your own web address
- Book classes, see belts and grading history
- Book and pay for gradings, events and seminars
- More than one parent can log in to the same child
- Notifications for gradings, events and club news

03

Payments built in

Memberships, sign-up fees, events and add-ons, straight to your bank.

- Direct Debit or card through your own Stripe or GoCardless
- Sign-up fees and sibling discounts worked out for you
- Grading and event fees paid by card at booking
- Failed payments chased automatically
- 0% of your fees, ever

04

Free trials that turn into members

Trial bookings run themselves, from the first click to the sign-up.

- Families only see classes with space
- Set how many trial places each class has
- Reminders before the class, so fewer no-shows
- Follow-up after the class with a link to join
- Sign-up by link or QR code, with payment in one go

05

A coach portal for your team

Everything your coaches need on their phone, and nothing they shouldn't see.

- Take the register for every class in seconds
- DBS, safeguarding and first aid certificates, with expiry reminders
- Digital accident and incident forms
- Coaches never see what anyone pays

06

Squads, gradings and the extras

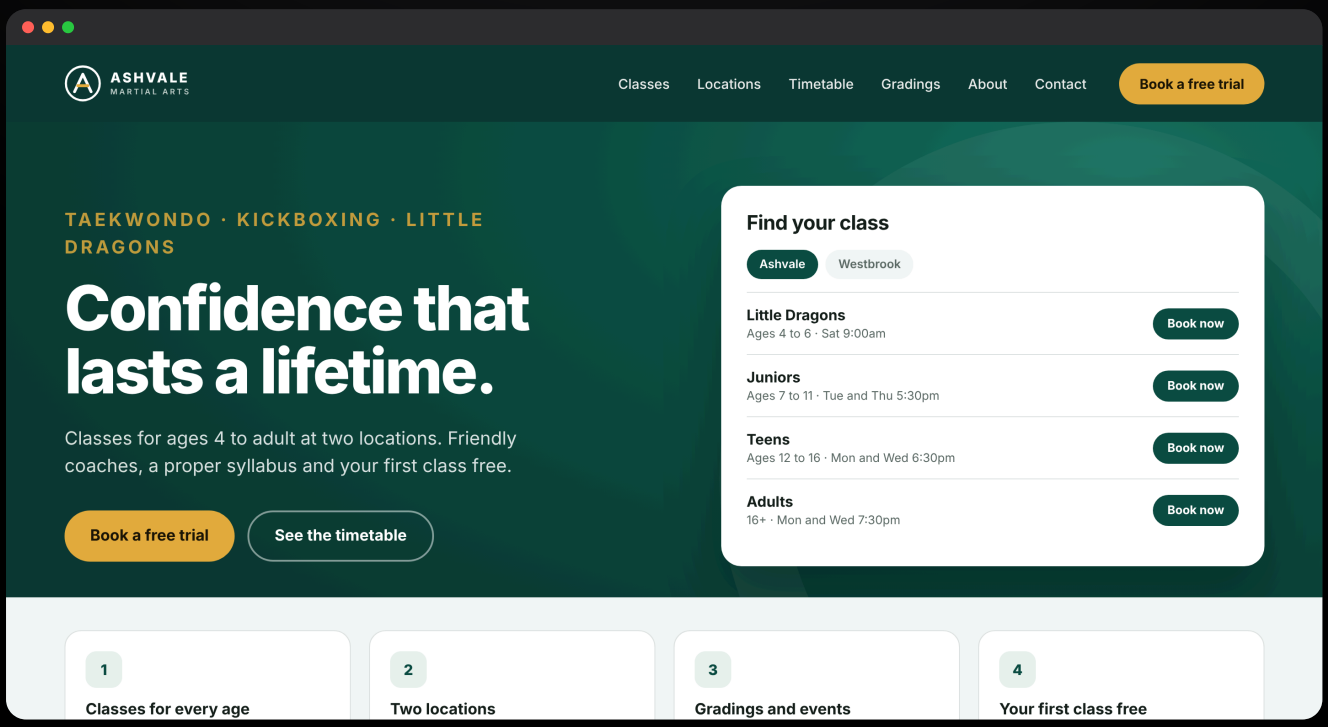

The parts of club life that usually live in spreadsheets and group chats.

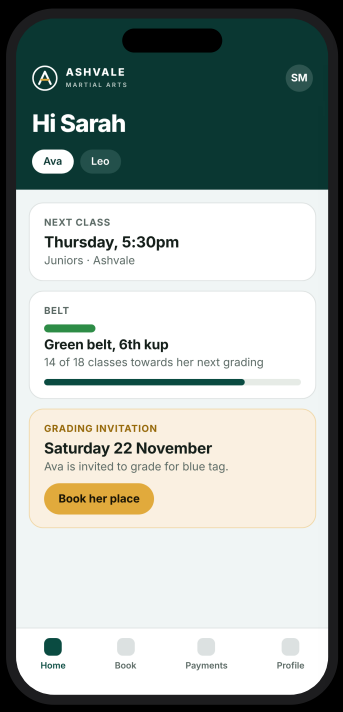

- Invite-only squads and classes
- Waivers signed online before the first session
- Gradings that update belts automatically
- Club shop for uniforms, belts and kit

Your brand, everywhere

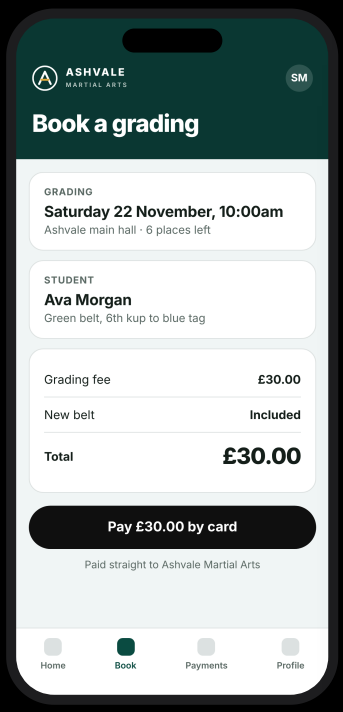

Your families only ever see your club.

Your website, app, emails and receipts all carry your club's name and logo, on your own web address.

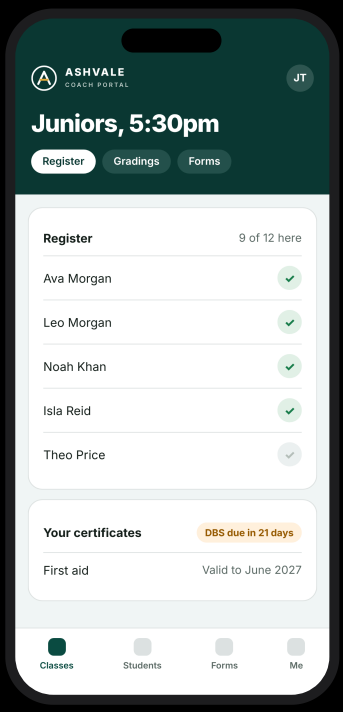

Member app

Gradings paid by card

Coach portal

Custom built

Built around how you run your club.

Off-the-shelf software makes you work its way. Your Elite system works yours.

Your design
A look made for your club, from your logo, colours and photos. Not a theme with your name swapped in.

Your memberships
Your plans, sibling deals, sign-up fees, add-ons and rules, set up exactly as you charge them now.

Your way of grading
Your syllabus, belt colours, attendance rules and invitations, built the way your club grades.

Your extras
Squads, waivers, kit, seminars or something only your club does. If you need it, we build it.

Done for you

Live in four to six weeks.

1. **Enquire**
   Tell us about your club. No obligation.
2. **A short call**
   We learn how your club runs: your classes, memberships, gradings and the bits that are unique to you.
3. **We build**
   Your website, app and portal, built around your club. You approve every page.
4. **We move you across**
   Students, families, belts and Direct Debits. Families don't fill in new forms.
5. **Launch**
   We train your team and stay on hand. You get a direct line to us.

Price

One flat price. However big you grow.

Junbi Elite

From £199 a month

Plus a one-off build fee from £1,950, quoted after your call. It covers designing and building your system and moving you across.

- ✓ Unlimited students and locations
- ✓ Your own member app
- ✓ Features built around your club
- ✓ Custom built website, your domain
- ✓ Coach portal for your whole team
- ✓ Hosting, updates and priority support

A club collecting £8,000 a month, on software that takes 2% to 6% of fees

£160 to £480

a month, rising every time you grow.

The same club on Elite

£199

a month, flat. Payment fees go to Stripe or GoCardless directly, never to us.

Who is Elite for?

Established clubs that want their own brand everywhere, usually with 100 or more students or more than one location.

Will families see Junbi anywhere?

No. Your website, member app, emails and receipts all carry your club's name and logo.

Can we keep our current Direct Debits?

If you collect through Stripe now, we can move them across without families signing up again. For other providers, we'll talk you through the simplest route.

Do we own our domain and content?

Yes. Your domain, photos, words and student records are yours. If you ever leave, we'll hand everything over.

junbi elite

Let's talk about your club.

Every Elite system is custom built, so we take on a small number of clubs each quarter. Tell us about yours and we'll book a short call.
